

Santa Rosa Golf Associates, Inc

Dear, Lot/Homeowner,

A large portion of the Moors Golf & Racquet Club lots abut or have State and Federally protected conservation areas attached.

If your lot has a Conservation Easement attached, any activity i.e. clearing, planting, yard drainage, pruning, dumping -- must be approved by the appropriate agencies (see attached information regarding wetlands).

If your property abuts a Conservation Easement, no activity is allowed beyond your property line. A copy of the Florida Statutes wetland Conservation is attached for your review.

Please sign and return the enclosed form in acknowledgement of this letter.

Your cooperation is greatly appreciated.

Sincerely,

Jane Miller
Vice President
